

Construction Environmental Management Plan (CEMP) - Institute of Applied Technology and STS School

In April 2012 EDESSA was commissioned by the **Institute of Applied Technology**, an Abu Dhabi based educational entity to prepare a **Construction Environmental Management Plan (CEMP)** for their newly planned academic complex to be constructed in Al Ain, Emirate of Abu Dhabi.

This plan was developed in-line with the **Environment Agency-Abu Dhabi** requirements detailed in the "Technical Guidance Document for Construction Environmental Management Plan (CEMP)" published in April 2010.
