

Red Sea Hotel – Architectural Assessment Massawa, Eritrea

EDESSA was retained by [Qatari Diar](#) to conduct a thorough architectural assessment of the [Red Sea Hotel](#) in [Massawa](#), [Eritrea](#). Our team of architects reviewed available architectural as-built drawings and advised whether the executed building works are in accordance with the architectural plans. EDESSA also carried out physical on-site visual inspections to review, ascertain and advise on general condition of the building, sections/areas requiring remedial works; and general repair and maintenance requirements.
