

Master Plan – Old City of Massawa Massawa, Eritrea

EDESSA was retained by **Qatari Diar** to conduct a master plan for the historic old city of **Massawa, in Eritrea**. The Master plan focused on the architectural style of the old city that is a mix of Ottoman, Egyptian and Italian. We studied the urban fabric, the urban analysis and architectural heritage of the city. We identified landmark places and building and evaluated the conditions of the built architecture.

Based on the land use, we proposed an expansion plan for the old City in harmony with the current cityscape while providing modern services and expansion possibilities.
