

Detailed Design – Red Sea Hotel Massawa, Eritrea

EDESSA was retained by **Qatari Diar** to prepare the detailed design of the upgrade of the **Red Sea Hotel** in **Massawa**. The original building was built in the 1960's and requires a serious uplifting. In order to make the site more attractive, the proposed concept includes the development of bungalows closer to the sea in order to transform this hotel into a resort.

The hotel will have a total of 75 rooms and bungalows along with all the required “front” and “back” -of the house services for a resort hotel of this nature.
