

Detailed Design – Banca d'Italia Massawa, Eritrea

EDESSA was retained by [Qatari Diar](#) to prepare the detailed design of the transformation of the [Banca d'Italia](#) in [Massawa](#) into an all-suite hotel. The original building was built in the 1920's. It is a historical landmark that was severely damaged by the war. A full architectural and structural survey was conducted in order to find a solution for the salvaging of the building and its transformation into an exclusive all-suite hotel.

The hotel will house 9 exclusive suites along with all the required “front” and “back” -of the house services for a luxury hotel of this nature.
