

# Airport Upgrade, Dabaa, Syria

EDESSA was retained by **Qatari Diar** and the **Governorate of Homs** to conduct an appraisal of the Military airbase of Dabaa', next to Homs in order to turn it into a regional commercial airport servicing the Greater Area of Homs.

EDESSA teamed with three large US Consulting Firms - Gensler, Norris Design and S.A. Miro - for the technical evaluations and with Solving international for the market study.
