

Dahlak Island Master Plan Eritrea

EDESSA was retained by **Qatari Diar** to conduct a Master Plan for the development of the Island of Dahlak - a **640km² island**, the size of Bahrain - located in the Red Sea. The island is to be turned into a holiday destination. Project Components included an **Airport, Harbors, Marinas, Villages, Resorts, Infrastructure and Utilities**.

EDESSA teamed with three large US Consulting Firms - Gensler, Norris Design and S.A. Miro - for the preparation of this Master Plan work.
